Subject: Need pair of 6JS6C's!

I have a friend who needs a pair of 6JS6C's to use in his rig
as a spare pair of finals (basically, they're his "new rig").
Anybody have a pair they're willing to part with?

Scott NF3I

Subject: Tempo 1 SSB Transceiver Forsale 10-80 Meters

My Friend KA8UYQ, Jerry has a very nice Tempo SSB Transceiver
forsale. This unit comes with the hard to find AC1 power supply
and matching speaker. This rig covers 10-80 Meters.

Power input is 300 watts. Final tubes--> 6JS6's

The rig is ready to go on the air. (mic also included)

\$200.00 you pay shipping from Cleveland Ohio.

Call Jerry at 216-642-4674

Hello All! Although the Tempo is not for sale directly by Allen Tucholski, I would suggest you use caution. If you want any details E-mail me and I will pass along my experience.⁷³

Bob,

Sorry for the post, but I did not get a reply from you on the Icom battery replacement note I sent on your request. Please confirm that you did (or didn't) rec this, and also please add me to the Icom mailing list.

Thanks
Tom N5OFF

Subject: Updated weird equipment lists

The response to my post on weird equipment lists has been tremendous. I've updated the CEI, WJ and Nems-Clarke lists. I now have rudimentary LTV and DEI lists. The Racal list will be posted in mid-Oct. The ACL list will follow. I would be interested in any information on surveillance receivers by other manufacturers. I will also try to set up a distribution list for future updates. If you want to be on that list, just post me at:

olaughlin@vilas.uwex.edu

The lists will also be posted on Vintage Solid-State (vss@acm.org).

Printed information is difficult to locate. Anyone harboring

manuals, catalogs, brochures, ads or books is encouraged to speak up.

Thanks for all the help.
